

Why is that couple so happy all the time?

So, you're wondering why a man and wife could be exceedingly happily married after 53 years. It's because she always treats him like a king and he always treats her like a queen.

We are so happily married that, when I was asked to write an online course in my area of expertise, I chose marriage.

I once heard my wife tell her hair stylist that I was the most romantic man in the city. I know so much about romance that Lesson 9 of the course is entirely devoted to the subject. If you would like to see that lesson, click on [Romance](#).

It took lots of tweaking to get our marriage to this point. Now it seems like practically every minute of every day is full of love and peace.

I would really like it if every couple in the world could have what we have. That's why I'm offering the course at such a low price. I don't want anyone to have an excuse for not taking the course.
